Adjoining land information details for mining lease applications

In this worksheet, input the land information details that will be included in your new mining lease application. The column headings with * are mandatory and require data to be completed either by selection of an item from a pick-list or entering some texts. You can 'copy and paste' multiple items in the same column. Each individual cell will give you instruction on how to enter the correct data.

Middle Camp Infrastructure Lease

Application is made for an infrastructure lease over the existing camp for the WAR (NQ) Pty Ltd permit holdings.

The camp location and some infrastructure has been established since the early 1990's and has been transferred with the permit holdings throughout this time.

It was recently highlighted as being off-lease whilst [REDACTED]
[REDACTED]

Having sought the views of the exploration permit holder (now in moratorium) plans were made to mark out the area of the camp for an infrastructure lease application.

Justification of term

An initial period of 15 years is applied for to support the existing permits, but also to support additional applications being made around the same time as this application.

Justification of surface area (size and shape)

The area applied for provides for coverage of the existing camp infrastructure and some additional room for lay down of machinery and equipment. The permit application covers 1.69 hectares in a simplified triangular shape.

Purposes

Purposes sought are camp, workshop, machinery storage.

Dear Sir/Madam,

STATEMENT DETAILING ADJOINING LAND TENURE – MIDDLE CAMP - WAR (NQ) PTY LTD

I act on behalf of WAR (NQ) Pty Ltd.

The Middle Camp application is located approximately 113 kilometres southwest of Cooktown over lot 1 on CP907719 Palmer Goldfield Resources Reserve. An area of 1.69 hectares more or less is being applied for to cover the existing off-lease camp.

The application is wholly within the Cook Shire Council boundary. The attached table provides co-ordinates of boundary posts as taken at time of marking. The datum is located at -15.98894, 144.34848.

Latitude	Longitude
-15.98874	144.34660
-15.98894	144.34848
-15.99040	144.34787

The application is near to, but not intended to be abutting with ML 6719.

Please contact me on [REDACTED] or by email to [REDACTED] if you require further information in relation to this statement.

Yours sincerely

[REDACTED]

Subject: ML 100497 - access to be extended.

OFFICIAL

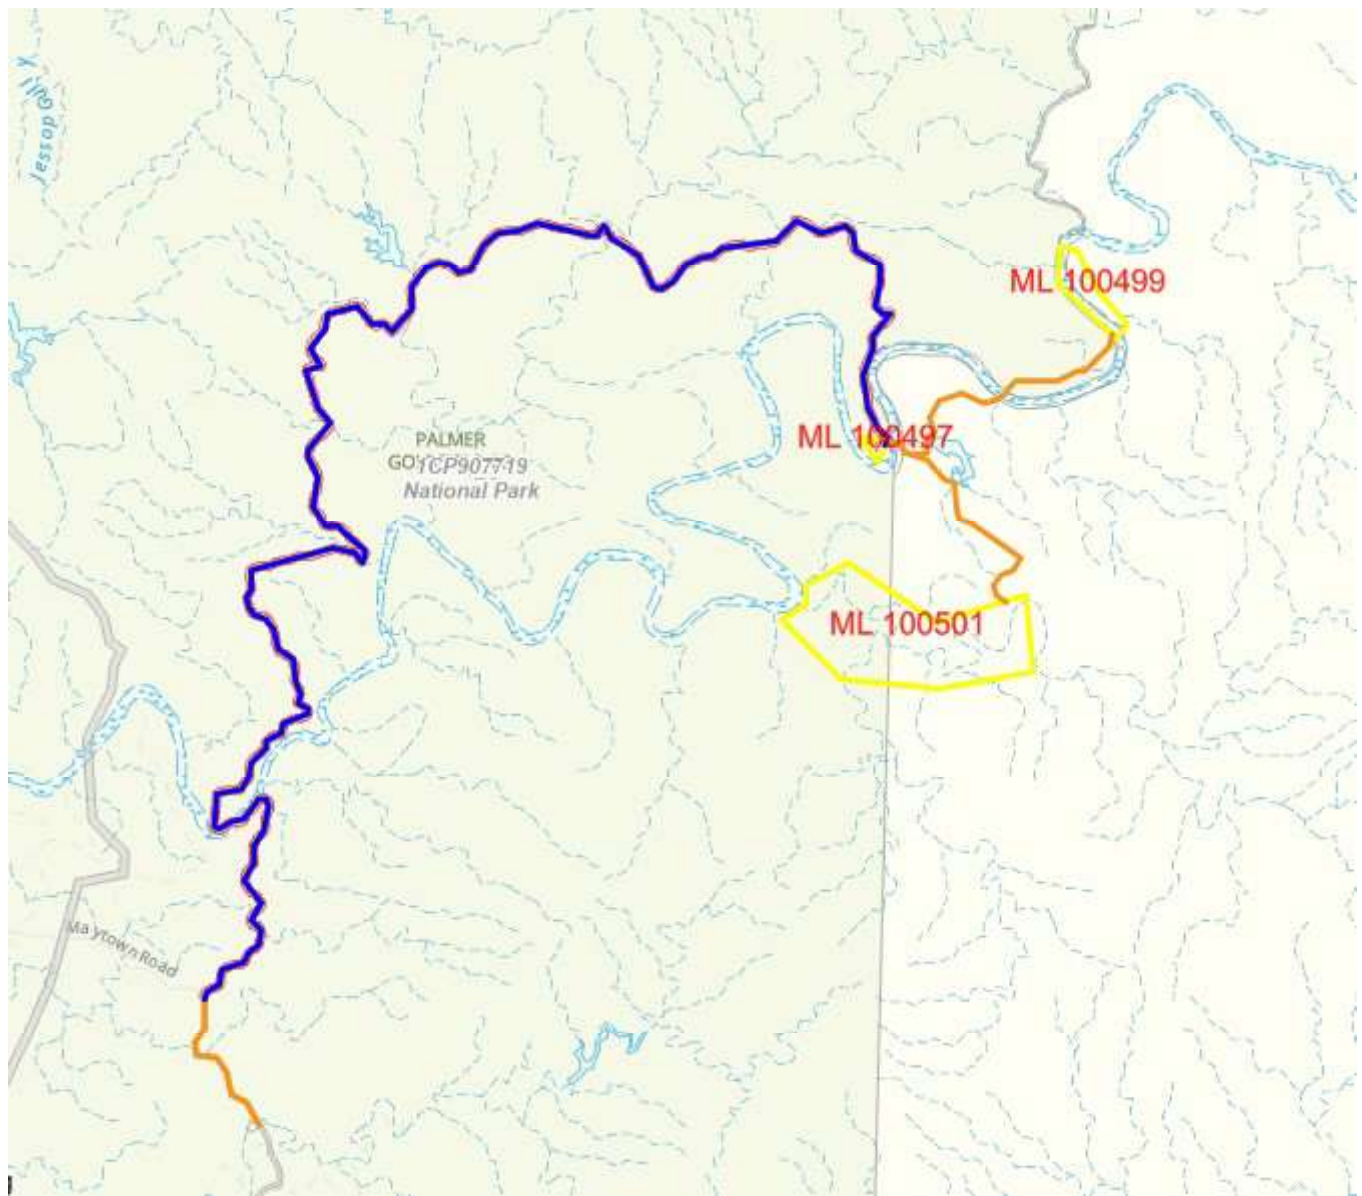

Hi Spatial team,

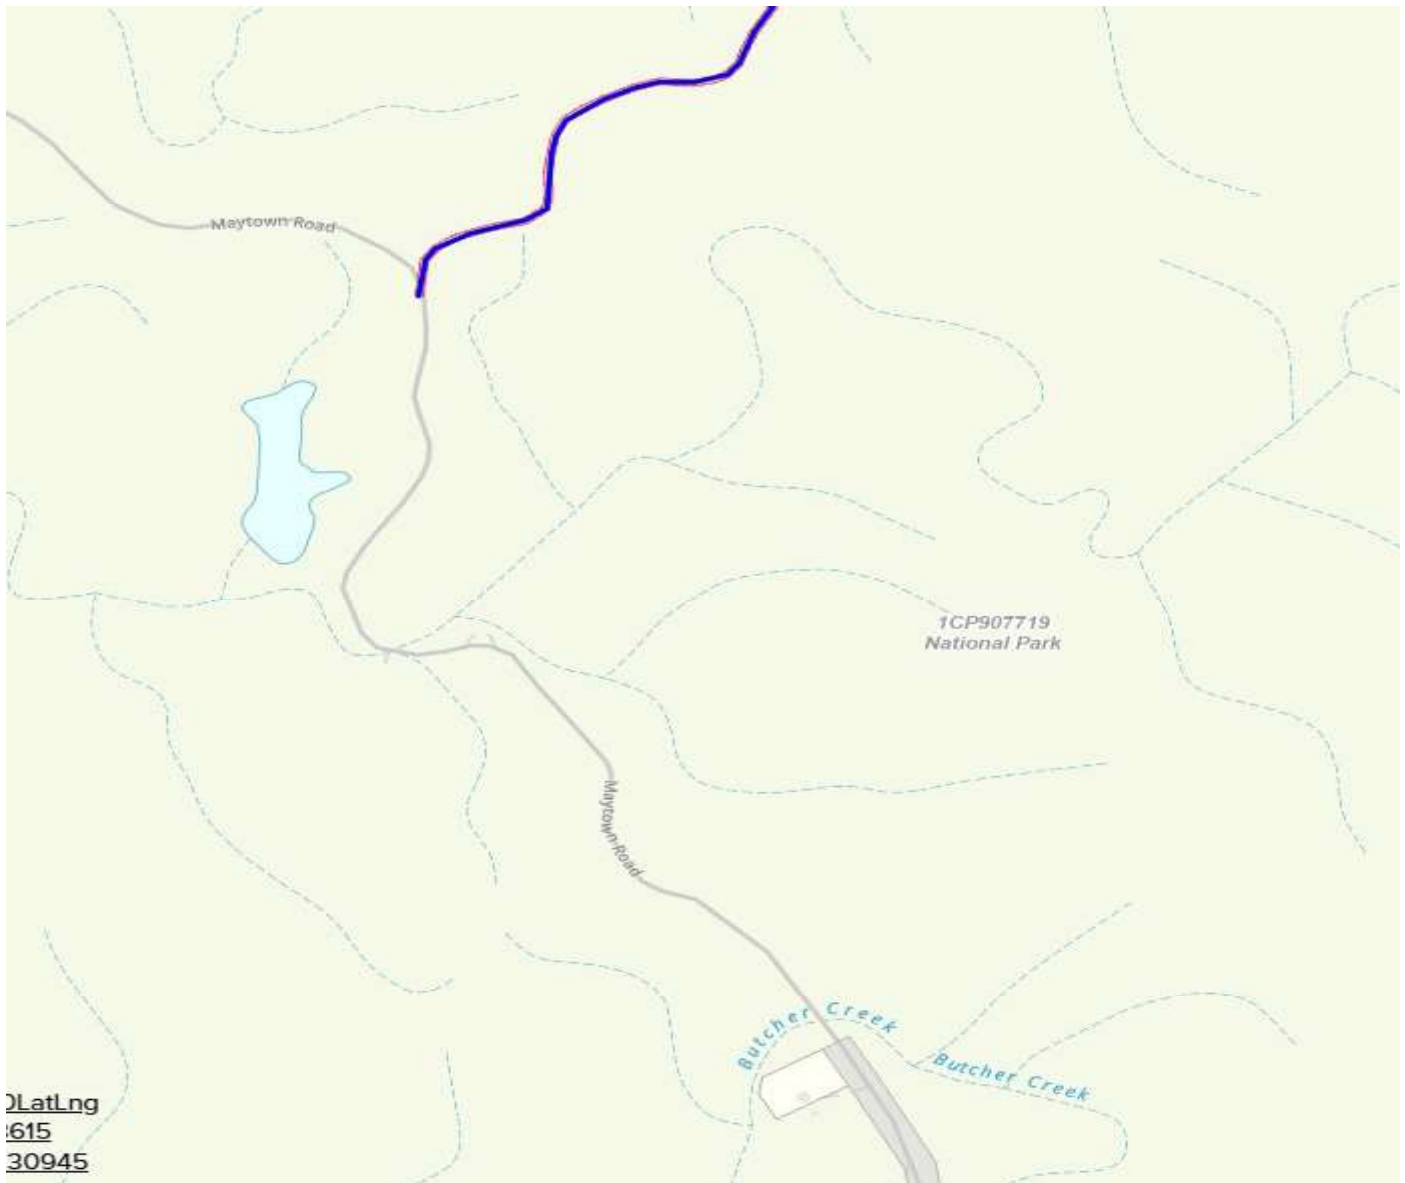

Please see below snips. Can you please extend the access for ML 100497 to meet the gazetted road parcel and following MLs 100499 and 100501.

The blue line is the access for ML 100497 which was shortened by Spatial at area validation and falls short of the cadastre for the road.

The other War NQ MLA accesses for MLs 100499 and 100501 and several surrounding accesses are extended to the gazetted road parcel which we believe is correct.

Please confirm once actioned. Thankyou!
